SANTEE

WOOD

Seating shown are models 380 and 385 in Momentum Guild Celadon. Tables shown are models T380-IT, T380-ET in Beech.

SUBSTANCE

This series showcases design with no compromise to versatility. Two chair options and three tables with tandem features available gives a wealth of room for user needs

TANDEM ARM

With the Tandem Arm, chairs and tables can be linked together in an expansive number of arrangements.

STYLISHNESS

Few can match the minimal visual weight and confident form of this line, especially adding for the customize-ability. In its wood form, 18 standard finishes are offered for both the frame and wood arm caps.

Seating shown is model 380 in Ultra Fabrics Brisa Minerals.
